*President's Report*

Dear Friends of D'Youville,

As summer wanes and the beautiful warm breezes, exquisite sunsets and peaceful blue waters become the deep, rich days of autumn, we begin a new academic year. As the changes in nature occur—predictable yet unique—so it is with each academic year. The

beauty of Creation and the changing seasons are an expression of God's presence in our midst, day after day, season after season, beckoning us into a new time of learning and growth.

D'Youville admitted its 99th class this fall. Along with the eagerness and anticipation that marks each new season, it is also good to review the successes of the past year and to establish specific expectations for the one ahead. First let me update you on the progress made during this past academic year at D'Youville.

## *Tapping Into Our Roots*

The past year can be characterized as one in which D'Youville's roots deepened and their breadth expanded.

**PREPARATION FOR CENTENNIAL CELEBRATION** ■ The long-awaited celebration of D'Youville's first one hundred years is about to begin. The College is prepared to put the final touches on its plans during this fall semester and to break out in celebration at the president's holiday party in December 2007. Under the leadership and guidance of the co-chairs of the Centennial steering committee, Philomene Cudzilo and Carol Milazzo, great strides have been made in preparing a calendar of events for the year and of soliciting assistance from the College community to take leadership for particular responsibilities. The steering committee has met on a regular basis and has selected themes, times, places and speakers. Dr. David Kelly, professor of history at the College, is working on a book that will contain not only the history of D'Youville but also the experiences and memories of students from many of the decades of D'Youville's existence. A calendar of Centennial events is included in *D'Mentions* or can be viewed easily on the College Web site. Preparations are moving forward at an accelerated pace because the College is approaching the kick-off event so rapidly.

**...the roots of D'Youville spread throughout the world and affect great and positive change...**

**UNDERGRADUATE ENROLLMENT** ■ Because of the remarkable growth in graduate programs, the College has planned to strengthen its undergraduate numbers to assure that it remains balanced in undergraduate and graduate enrollment. To do so, several new undergraduate academic programs have been introduced

and other scholarship and retention activities are being initiated. The new undergraduate efforts have brought an increased number of freshmen and transfer students in fall 2007 and will be further refined and cultivated so that they can bring even greater success in the coming year. In addition, within our national cohort of colleges, D'Youville exceeds the average student retention rate.

**ACCREDITATIONS** ▪ The education program has received accreditation by the New York State Education Department through the Regents Accreditation of Teacher Education (RATE). During this past year, the nursing program was reviewed for reaccreditation purposes and received a favorable outcome from the Commission on Collegiate Nursing Education. In addition, the chiropractic program underwent its initial review for accreditation and the program has received full accreditation by the Council on Chiropractic Education.

Such accomplishments are major ones for the College and the departments and are the result of the hard work and expertise of the D'Youville faculty in those programs.

**TECHNOLOGY EXPANSION** ▪ The College has continued to develop its information technology resources, both in terms of personnel and equipment. During the past year, because of the rapid growth in technology, the College underwent a complete review of its information technology (IT) program. D'Youville is awaiting the consultant's report, and based on a review of those findings, the College will put together a multi-year plan to make certain that D'Youville has the staffing and equipment necessary to ensure D'Youville's technological capacity for both education and administration appropriate to the College's imminent future needs. Technology is a critical area for all colleges and its demands and possibilities change rapidly. D'Youville is ready to make whatever improvements are necessary to be certain that students have all that they need technologically to support their academic programs and to prepare them for their professional responsibilities.

**IMPROVEMENTS TO THE KOESSLER ADMINISTRATION BUILDING** ▪ The complete renovation of the heating-venting-air conditioning (HVAC) system in the main campus building has provided a more comfortable environment. Both Madonna Lounge and the Blue Lounge in the College Center have been renovated during the past year, making them even more functional than previously and preparing them for the celebrations and academic presentations that will be held in these two sites.

**In May 2007, the board of trustees voted to direct “the College administration to request the New York State Education Department’s approval for D’Youville to change from college to university status.”**

## *Spreading Our Wings*

**UNIVERSITY STATUS** ▪ Desiring to describe itself more accurately, the College community continues to discuss the viability of requesting university status. In May 2007, the board of trustees voted to direct “the College administration to request the New York State Education Department’s approval for D’Youville to change from college to university status.” Based on that recommendation, the process was begun in June. The State Education Department is reviewing and modifying the requirements for university status. Once that change has been completed and the new criteria are established, D’Youville is ready to present its formal request.

**OFF-CAMPUS CHIROPRACTIC CLINIC** ▪ During the past year, an off-campus site to be used as a chiropractic clinic was dedicated and was opened to the public prior to the visit of the accreditation team in spring 2007. The site is a magnificent, state-of-the-art chiropractic clinic. The opening took

place in March 2007 and those visitors from the accreditation were pleased with the clinic and staffing and praised its plans for the future.

**D'YOUVILLE EDUCATION CENTER** ■ Because of the shortage of space on campus and the increasing numbers of students, especially master's students in education, D'Youville expanded its facilities with the acquisition of the new D'Youville Education Center (formerly the Amici Lodge), located on the corner of Connecticut Street and West Avenue. The building was completely renovated and made accessible and a security system was installed. It has been used for several semesters for classes and students and faculty find it a welcome addition to the overcrowded classrooms that were assigned to them previously in other campus buildings.

### **D'Youville continues to keep pace with the many changes and demands facing higher education while remaining true to its Mission.**

**TRINITY COLLEGE AGREEMENT** ■ During the summer months, the preparation for signing an agreement with Trinity College in Crete, Greece, was completed. A signing ceremony took place on the island of Crete in June 2007. The path has been prepared for students from Trinity College to come to D'Youville and students from D'Youville College to study abroad in Crete at the beautiful site of Trinity College. They will be able to take general liberal arts courses, courses in management and tourism, or in dietetics and nutrition, consistent with Trinity College's and D'Youville's curriculum. It is an exciting program made more so by both the enthusiasm and hospitality offered to us by the Trinity College faculty and staff.

## *Touching the Stars*

**PHARMACYSCHOOL** ■ Based on D'Youville's strengths, a pharmacy program proposal was developed and submitted to the New York State Education Department in June 2007. The College is waiting for a response to let us know what is necessary to complete the application process. The search for a dean is continuing and should be completed by December 2007.

**GRADUATE PROGRAMS** ■ The first class in the master's in business administration (MBA) program began in fall 2007. The program is designed to have weekend classes and to offer some of the courses on-line.

Other achievements are notable for the past year, though they were not considered in the initial priorities for 2006-07.

**GRANTS** ■ The College has received a Nursing Work Force Development Grant for approximately \$900,000 over three years from the Department of Health and Human Services. This grant will do much to overcome the shortfall in the number of nurses within the United States and will provide for nursing students the kind of support and assistance that they require to be successful in the nursing program.

**STUDENTS IN FREE ENTERPRISE (SIFE) TEAM** ■ The SIFE team, sponsored by the business department of D'Youville, again was a national finalist for its community service project. D'Youville can be very proud of the SIFE team and of its hard work, creativity and ingenuity in designing and implementing their projects. There are a large number of students engaged in SIFE and they assist not only those in need, but also high school students who want to become involved in service projects.

**SMART CLASSROOMS** ■ Fifteen additional “smart classrooms” have been wired and prepared with the necessary equipment. Those smart classrooms will be available for use during the fall 2007 semester.

These developments are only a few among the many significant signs of growth and expansion experienced by D’Youville during the past year. They do, however, provide clear evidence that D’Youville continues to keep pace with the many changes and demands facing higher education while remaining true to its Mission.

**The beauty of Creation and the changing seasons are an expression of God’s presence in our midst, day after day, season after season, beckoning us into a new time of learning and growth.**

## *Charting Our Goals*

While the primary goal for this coming year is the celebration of the College Centennial, there are other priorities that will receive attention during 2007-08.

### *Expanding the Horizon*

D’Youville anticipates beginning the pharmacy program in 2008, pending permission from the New York State Education Department. That program is expected to attract additional students on both the undergraduate and graduate levels. The influx of undergraduates will necessitate expansion of the current biology and chemistry laboratories and will precede the beginning of the professional-level pharmacy program. In spring 2008, the College will break ground for a new and very exciting building that will house many academic programs, additional laboratory space, offices and some administrative functions.

Underway at the same time will be the restructuring of Fargo Avenue to make it safer for pedestrian traffic, better able to connect the east and west sides of the campus and more restful for those of our College community and neighbors who wish to sit and enjoy the surroundings or walk through the area. The construction will be done by the city of Buffalo but D’Youville, Holy Angels Church, Santa Maria Towers and our neighbors are all part of the planning.

### *Celebrating the Heritage*

One of the major events of the centennial year will be the dedication ceremony that will occur on April 4, 2008. That is the day in 1908 that the New York State Legislature granted D’Youville a charter to become a college. It will be celebrated at D’Youville by the unveiling of a new statue of Saint Marguerite d’Youville, which is being created by a local sculptor and will be placed permanently on the front lawn of the Koessler Administration Building.

### *Strengthening the Infrastructures*

Because of the growth of the College, a comprehensive review of the organizational structure is important. Changes in the College are necessary to accommodate the diversity in programs, student needs, reporting requirements and instructional demands. The new structure will reflect a responsive, flexible institution where personnel and student needs can be addressed effectively and efficiently.

A systematic review of the technology areas has been completed with recommendations to accommodate the ever-changing technological capabilities that influence academic learning. Consolidation of all computer functions and a major upgrade are being planned.

It is clear that D'Youville has a full agenda for the next twelve months, which promise to be an exhilarating and exciting time for the College.

The College's theme for the centennial year is *Celebration and Gratitude*. It is clear, as we revisit the College's history, that the Providence of God and the industry and faith of the Grey Nuns and other members of the faculty and staff throughout these one hundred years have been the reasons why D'Youville has continued and remained strong. In order to meet the needs of the times and to care for the poor and neglected in our communities and in our world, D'Youville has been intrepid about emphasizing its Mission and making that Mission the leaven of all that occurs at the College. However, it is the people who have worked at D'Youville—the Grey Nuns, the trustees, the faculty and staff—and, importantly, the alumni whom the College has graduated, who have incorporated the Mission into the activities of their daily lives. They have made the roots of D'Youville spread throughout the world and affect great and positive change providing compassionate care, service and hope to many people in many places throughout these one hundred years.

**...D'Youville has been intrepid about emphasizing its Mission and making that Mission the leaven of all that occurs at the College.**

As I thank God for the Providential care that D'Youville has received day by day and year by year, I am confident that it will continue through the time ahead and will guide the decisions D'Youville makes and the steps that it takes to serve without reservation all of our brothers and sisters. The D'Youville education that has informed and inspired students for many years continues to do so but with all the contemporary languages necessary to communicate with the current generation of students.

The values and Mission of the College remain the same and they and the love of God inspire the passion and vision that propel us into an optimistic future.

*Sister Denise A. Roche, GNSH*

Sister Denise A. Roche, GNSH, Ph.D.  
President

A great deal of the success of any business or institution is the quality of its leadership – those who strategically map out the course that will result in the growth and development of that establishment.

D'Youville has been extremely fortunate to have at the helm, for 29 years, a woman with the vision and focus of Sister Denise A. Roche, GNSH, Ph.D.

Working along with Sister Denise have been outstanding leaders of the Western New York community who unstintingly provide their expertise to move D'Youville to the forefront of the educational institutions in this area.

This year's new members of the board of trustees are no exception. They are proud to welcome the following members of the wider community to the D'Youville community. Named to a three-year term, effective as of September, are the following persons.

**STEPHEN J. BRERETON**, consul general of the Consulate General for Canada in Buffalo, is a career diplomat with a distinguished background in international trade policy. Prior to being appointed to the Buffalo consulate in 2005, he served as director of the investment trade policy division at departmental headquarters in Ottawa. His foreign service career included assignments in Brussels, Tokyo, Havana and Yokohama. The Canadian Consulate General in Buffalo administers immigration, trade, consular and public affairs programs across upstate New York, western and central Pennsylvania and West Virginia.

He is an honors graduate of Queen's University, Kingston, Ontario, Canada.

**ANDREW W. DORN, JR.**, president and CEO of Great Lakes Bancorp, headquartered in Buffalo, is also president and CEO of Greater Buffalo Savings Bank, a subsidiary, and he also serves on its board of directors. He led in the formation of the bank, the first new bank chartered in Buffalo in more than 50 years. Previously, he was president and CEO of Jamestown

Savings Bank. He serves on the boards of Sister's Hospital Foundation, Canisius College Wehle School advisory board, Saint Joseph's Collegiate Institute and the Buffalo Economic Renaissance Corporation.

He is a graduate of the University at Buffalo and holds an MBA from Canisius College.

**CHERYL A. KLASS**, president of Women and Children's Hospital of Buffalo, was responsible for overseeing a financial turn-around that took the hospital from a \$17 million deficit to a \$14 million profit in two years. The hospital's net operating revenue increased by 18 percent in one year and 29 new physicians were recruited in one year, including pediatric medical and surgical sub-specialists, and obstetricians. Previously, she was the chief operating officer at Sisters of Charity Hospital and held the same position at Mercy Hospital of Buffalo.

A graduate of Niagara University, she holds an MBA from Northwestern.

**DAVID WHITE** is the district manager of Walgreens and responsible for the operation of 24 stores in western and central New York state. The stores had \$145 million sales last year and approximately 400 employees. He started with Walgreens in 1984 as a management trainee and during his career he has been responsible for drug stores in Illinois and Indiana.

He is a business advisor for the Students In Free Enterprise (SIFE) program at D'Youville and Syracuse University.

A graduate in finance from Western Illinois University, he is a certified pharmacy technician and a graduate of the Duke University Fuqua School of Business executive leadership program.

# ENDURING LOYALTY, ENDURING MISSION

FUNDRAISING JUNE 1, 2006-MAY 31, 2007

The past year has been particularly satisfying in the office of institutional advancement in its fundraising efforts for D'Youville College.

The enthusiastic student phonathon associates, under the supervision of the director of the annual Loyalty Fund, have proven to be extremely competent in reaching out to the alumni and encouraging them to continue their generosity to the College.

Clearly, the highlight of the 2006-2007 fiscal year for institutional advancement was the performance of the annual Loyalty Fund. By May 31, 2007, the end of our fundraising year, the Loyalty Fund had raised \$520,137, representing 113% of its goal of \$460,000 and a 31% increase over last year's total of \$397,907.

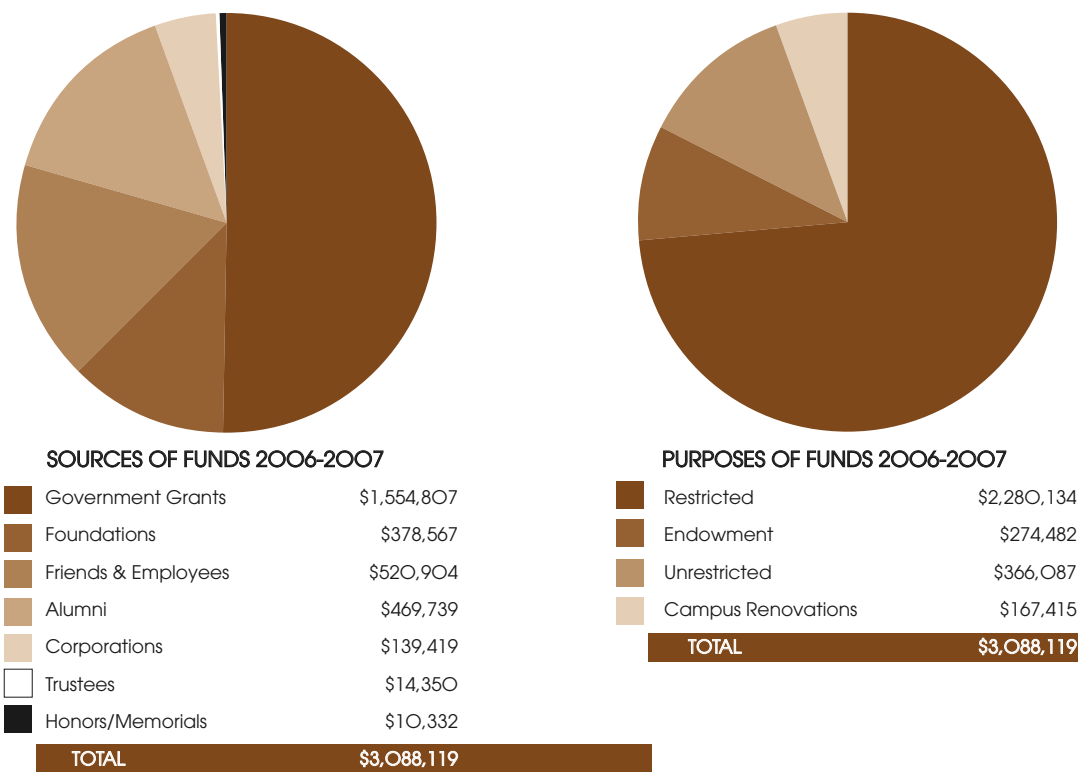

In addition, the grants office secured a large federal grant from the Department of Health and Human Services in the amount of \$747,672 to establish a local presence of its Youth Empowerment Program, in collaboration with Catholic Charities of Buffalo, Holy Cross Catholic Church and D'Youville-Porter Campus School #3. Overall, institutional advancement had a solid year, raising a total of \$3,088,119.

The office of major and planned giving has also been effective in reaching out to our diverse constituencies who provide the financial support D'Youville requires in order to remain the dynamic institution it has been since its founding one hundred years ago.

Historically, alumni loyalty to D’Youville College has never been doubted and has never waned from the earliest years. Our graduates have been strong and consistent supporters of their alma mater even during those difficult years in the late ’20s and through the decade of the ’30s when the country was plunged into terrible financial chaos. Subsequently, a plan was devised to support D’Youville scholarship programs by investing in insurance policies with the College as beneficiary. Today, people might see the premium payments as a mere pittance, it was a great sacrifice for some to make such a commitment at that time. Those gifts have been truly beneficial to D’Youville.

In the 1950s, alumni secretary Anne Ryan Lum ’24, developed the idea of building the scholarship endowment by asking alumnae to put aside ten cents per day so that they could contribute \$36.50 each

year to the alumni scholarship program. Later, Mrs. Lum introduced the Century Club, asking the graduates to increase their gifts to the \$100 level. On through the years, those one-hundred-dollar gifts have increased to many thousands of dollars.

Congratulations are extended not only to a dedicated, hard-working staff in the office of institutional advancement but also special accolades are given to all D’Youville’s alumni who generously and consistently give back to their alma mater year after year. Sister Denise Roche, College president, affirms that this alumni support truly empowers D’Youville to offer students a well-integrated education that provides all our graduates with exceptional possibilities grounded in values based on the College’s enduring Mission.

*Should you want information on the process for making a planned gift, please contact Patricia Van Dyke, 716.829.7802. For making a bequest, the College should be indicated as D’Youville College, Buffalo, N.Y. ■*

*Chelsea Iversen is a nursing major but she wants to combine that career with teaching. So, following her graduation, she plans to travel the world and she hopes to make healthcare trips to Africa to work with other nurses including her uncle. Ultimately, her goal is to work in education and/or to teach nursing students.*

*Junelle Baucica is a junior accounting student who is involved in the Black Student Union and is a member of the Student Association's programming committee.*

# Pension Protection Act of 2006

## FAST FACTS

- PPA 2006 has an IRA rollover provision that provides tax incentives for donors age 70 1/2 or older to contribute individual retirement account assets to education institutions and other nonprofits.
- Donors can exclude from adjusted gross income the amount of qualified charitable distributions up to \$100,000 per year from regular or Roth IRAs.
- Distribution checks must be payable directly to the charity to be excluded from donor income.
- For people 59 1/2 or older, funds may not be distributed directly to charity, but they may be withdrawn from IRAs or other retirement accounts and then donated to a charity without the 10% penalty usually applied to early withdrawals.
- Donors are encouraged to consult with their tax and financial advisors before making distributions and before informing charities about intended gifts.

# THE ALUMNI

*Gatherings, Large & Small*

Dear Alums,

I am honored to have been elected as president of the alumni board of directors for the next three years. I have been involved with the board for many years, first as a volunteer when my wife was on the board and then as a member of the board and treasurer. I look forward to serving all the alumni and encourage all of you to be involved in the Alumni Association. Your support of the activities of the Alumni Association helps the scholarship efforts of the board and benefits the College, too.

In these days when things seem to move so quickly, people are busier than ever. It seems that we are all so involved in work and activities, it does not leave any time for rest. The members of the alumni board of directors are no exception. Ask any one of them and you will find that NYC is only one of many boards, associations and activities they are involved with. I hold them all, past and present, in the highest regard for the dedication and hard work they put forth for D'Youville College and all of the other organizations they support.

# alumni association

MESSAGE FROM THE PRESIDENT

So why be active with the Alumni Association? First of all, it is very enjoyable. Attending homecoming, the spring luncheon, the Bisons' game or any other activity, gives us the opportunity to see friends we may not have seen for some time. It is also an opportunity to meet new alums and make new friends. Second, it establishes our alumni as a vibrant and essential part of the D'Youville College community.

The alumni board prides itself in the diversity of its members. There are graduates from the 1950s to 2005 and several of the years in between. There are nurses, teachers, bankers, doctors, PT's and OT's. We begin our monthly meetings with a prayer to ask for inspiration in all our deliberations. At our meetings, everyone has a voice and is encouraged to offer opinions and new ideas. We often brainstorm and work as a team to develop new activities for the alumni.

I encourage all of you to become involved. Attend one of our events and see for yourself how satisfying it can be to talk with alums from other classes and programs. And please stop and say hello if you see me.

*40th anniversary class member Linda Farinelli Stanek '67 focuses to take a picture as her sister Marcella Farinelli Fierro '62, MD, receives the Anne Lum Award.*

Homecoming 2007, September 28 and 29, was a glorious weekend. Members of anniversary classes ending in two and seven were joined by friends and family from six decades as they became a part of the history of our first century.

On Friday evening, an enthusiastic group of alums formed clusters of friends in the newly renovated Madonna Lounge. The sumptuous cocktail buffet took second place to the cries of, *Oh, its so good to see you!* Some alums proceeded to watch a performance of *Hank Williams: Lost Highway* in The Kavinoky Theatre.

Two new young alum events were added to the choice of the weekend's activities. On Friday evening, a happy hour networking party was held at Root Five restaurant on the shores of Lake Erie. The next day, recent alums and their children enjoyed a picnic and a live band in Prospect Park after the Charlene D. Page 5K Walk/Race.

Saturday's other offerings included a workshop, *Coping with Career/Life Transitions*, presented by Fran Schmidt, director of career services, in the Montante Family Library. Pictures and stories were shared at a luncheon at the Buffalo Yacht Club overlooking the sparkling waters of Lake Erie and the Niagara River. Student guides gave animated tours of the Bauer Family Academic Center and apartment-style residence hall.

Sacred Heart Chapel was filled for the Mass that was offered for all living and deceased alumni members, especially those in the golden and silver anniversary classes. The celebrant, Father William Bigelow,

brother of Jane A. Bigelow '67, was delighted with the joyful singing and participation in the liturgy.

The College Center was alive with class banners, music, greetings, champagne and cocktails after Mass. Several classes climbed onto the bleachers in the gym for the traditional class pictures.

The Mark Mazur Trio played as guests gathered in the beautifully decorated and candlelit Porterview Room for dinner. Sharon Fenlon Watz '62 gave the invocation. Each anniversary class was recognized and was inspired by the remarks of the College president Sister Denise A. Roche, GNSH, who is also a graduate. The Anne Lum Distinguished Alumna Award was presented to Marcella Farinelli Fierro '62, MD. After Barbara Kanski Wier '67 gave the benediction, alums, spouses, sisters and friends lingered to continue the celebration.

Since many alums had such an enjoyable time, plans were made and calendars marked, to attend the grand centennial dinner celebration. They are all looking forward to being there on September 20, 2008!

# 2007 Janne lum award

*At a young age and through her years at D'Youville, Marcella Farinelli knew that she wanted to help sick people. So, after earning a BA in biology, she graduated from the University at Buffalo School of Medicine in 1966, one of only four females among 88 graduates. Since she enjoyed problem solving, she selected as her field of study pathology—the cause and manner of deaths. Upon completion of her residency at the Cleveland Clinic and the Medical College of Virginia, Virginia Commonwealth University, she was the ninth woman to be certified in forensic pathology by the American Board of Pathology.*

*Marcella's professional credentials are impressive. She is a member of the councils of the College of American Pathologists and the American Society of Clinical Pathologists, as well as a Fellow of the American Academy of Forensic Sciences. She has also held positions as president and board member of the National Association of Medical Examiners.*

*As chief medical examiner for the Commonwealth of Virginia since 1994, Dr. Fierro is responsible for the state department that investigates the cause of death for anyone who has died violently or unexpectedly. She frequently provides expert testimony in court and has added to her forensic work mortality reviews, characterizing a death and developing a strategy for prevention.*

*Marcella recognizes the influence that D'Youville faculty members—especially biology professor Dr. Donald Po-Chedley—have played in her life. She is appreciative that the educational mission of her teachers included knowing and caring about their students. Today, as a teacher and advisor to medical students in several universities, she now tries to emulate their caring, tempering her professional competence with Christian compassion.*

*The strong friendships with classmates formed in the halls of DYU have grown and strengthened over the years as an integral part of her continuing loyalty to D'Youville College.*

MARY SCHWEITZER BAUER '47 AND DR. CHARLES D. BAUER

## *Nursing: The Ultimate Caring*

D'Youville College is proud of the more than fourteen thousand women and men who have been awarded degrees in the nearly one hundred years our alma mater has existed. The College has provided excellent education to those who have studied here. Many of those alumni have been moved to give back to the College in gratitude for the fine education they received. There are, however, those whose largesse is extraordinary. Mary Schweitzer Bauer '47, a member of the second nursing class, and her husband Dr. Charles D. Bauer can be counted among that special cadre.

Charles D. Bauer and his wife Mary have been enormously generous to D'Youville. Both come from medical backgrounds and they know the value of superior training in their professions. They care deeply about the quality of care that patients receive and the quality of the nursing staff who provide that care. To that end they have recently established a nursing scholarship that will provide substantial financial assistance to a nursing student beginning in freshman year and continuing through senior year providing the student continues to maintain the academic requirements.

This scholarship, The Dr. Charles D. Bauer and Mary Schweitzer Bauer Scholarship, will provide the student with approximately one half tuition for each year of study. The Bauers' intent is to attract talented students who, because of financial constraints, might opt to enroll at a state institution or in an RN program that would be less costly than a private school such as D'Youville.

Dr. and Mrs. Bauer had previously established an endowed nursing scholarship.

D'Youville College is grateful for the thoughtfulness of alumni and friends like the Bauers who empower the College to continue to do great things and provide the excellent education that has always been D'Youville's hallmark.

TONY PASCARETTA '77, OSB, MA, LMFT, LPC

MARSALL STOLL '77, ED.D.

## *Classmates Then/Colleagues Now*

What are the chances that two D'Youvillians, nursing graduates of the class of 1977, would eventually be working together at the same college 1,500 miles from Buffalo. They had not seen each other since they took the Nursing Boards at the Niagara Falls Convention Center in 1977. That's the saga of Marcy Stoll and Tony Pascaretta.

Excerpts from the following letter to Sister Denise Roche tell their story:

*Dear Sister Denise,*

*This note is from two of your former students whom you taught back in the '70s. Both of us graduated in 1977 in nursing. We were in your sociology class. We often remember D'Youville and reflect on the difference it made in both our personal and professional lives.*

*Marcy Stoll graduated in nursing, and worked for a while at Deaconess Hospital and then went on to pursue a masters and doctorate in education from the University at Buffalo. She subsequently taught nursing at Niagara Community College and, in 2006, moved to Houston, Texas, to assume an appointment as president of Coleman College-Health Science Center. Marcy spearheads one of the fastest-growing health science centers in the nation: Houston Community College is the fourth largest community college in the United States. Dr. Stoll is highly competent and effective in her leadership and we greatly appreciate her here.*

*My name is Anthony Pascaretta (Tony); I, too, graduated in nursing the same year. I immediately moved to Houston where I have lived for the past 29 years. I was charge nurse for 20 years at Ben Taub General*

*Tony & Marcy from the D'Youvillian yearbook 1977*

*Colleagues Marsall Stall and Anthony Pascaretta in the present*

*Hospital there. I received a master's degree from Texas Woman's University in psychology and licenses in family and marriage therapy and professional counseling. In 2005, I worked as a temporary full-time instructor and then received a full-time position in the human service technology program at Coleman College in 2006.*

*As fate would have it, Marcy and I met at the college after 29 years: she, as the president of the college and I, as a professor in the human service technology program.*

Before embarking on her sixteen-year stint at Niagara Community College, Marcy had worked at several hospitals and was an adjunct at D'Youville, as well. But in the course of her master's and doctoral studies, she found administration very appealing and was greatly enjoying her administrative responsibilities. In 1999, when she was offered a post as vice-president at Piedmont College in Charlottesville, Va., she and her husband packed up a lifetime of possessions and relocated there.

They remained in Charlottesville until 2005 when a golden opportunity presented itself, which necessitated packing up once again and moving to Houston, Texas. There she became the founding president of Coleman College-Health Science Center, which had previously been under the aegis of Houston Community College. Coleman College is described as a showcase educational facility.

Marcy expressed tremendous respect, admiration and approval for the community college system because it provides opportunities to those who might otherwise never have that stepping stone to an education whereby skills can be honed and, for many, doors may be opened to a baccalaureate degree.

Marcy has two grown married sons and one grandchild.

Anthony L. Pascaretta left Buffalo the same year he matriculated at D'Youville. He established himself in Houston, Texas, because there were few nursing positions open in the Northeast at that time. On his visit to the second hospital, he was immediately whisked into an orientation program and began work immediately.

After two decades of nursing practice, he retired. He then established a licensed private counseling practice which he continues. In 1987, his life path diverged when, after four years of study, he was ordained to the priesthood in the Antiochene Church by Bishop John Joseph Rankin. This is an orthodox religion that was established in Antioch in the fourth century. He ministered at the Church of the Divine Presence. Later, he became a Benedictine father in an Old Catholic monastery. In his new role as a Benedictine priest, he worked closely with Carmelites, doing retreats for the sisters there.

In 2006, after teaching as an adjunct there, he accepted a full-time position at Coleman College – Health Science Center where he now works for his former classmate, Dr. Marsal Stoll.

Tony married his wife Edna twelve years ago. ■

Closing Event

The opening ceremony to kick off the anniversary year will take place at the President's Holiday Party. The office of the president is planning the program for the event and anticipates receiving a special proclamation for the 100<sup>th</sup> year that day.

D'Youville College will sponsor an Ecumenical Service filled with scripture, music and song. This service will pay tribute to the Catholic tradition of the College as well as embrace aspects of the many religious traditions that are celebrated by its diverse student body, faculty and staff. The Holy Angels Academy chorus will be featured. All students, faculty, staff and alumni will be invited to participate in the service.

As D'Youville College celebrates 100 years, Fireside Chats will be held during 2008 and 2009. The Fireside Chats will be a series of conversations and remembrances with present and retired faculty. The presenters will reflect on their time at D'Youville College, their colleagues and students – past and present, the changes they have witnessed at the college and their vision of D'Youville College for the future. Panelists in this first series will provide touching reflections, as well as spirited debates and challenging ideas. The College community, alumni and friends will be invited to attend this series of events.

The College commissioned a life size bronze statue of St. Marguerite d'Youville for display in front of the Koessler Administration Building. Local artist David Derner was selected to create the statue, which reflects St. Marguerite's compassion and grace. Join College officials for the unveiling on April 4, the exact date of the founding of the College in 1908.

All presidential events will carry a centennial theme for 2008 and these include the following: the Health Awards Dinner on February 20, Honors Convocation on March 5, and the 100<sup>th</sup> Commencement on May 17, 2008.

This picnic will have party tents, food, fun and games. It will make a memorable family day for alumni, staff along with their families and children from the West Side neighborhood surrounding the College.

Series Two of the Fireside Chats will feature current and retired professors from the departments of history, education, and math and natural science. Expect an exchange of ideas and a reflection of personal and sometimes conflicting philosophies.

The College community will be invited to join D'Youvillians whose years span the decades, as well as current and past faculty, staff and friends to celebrate the College's glorious past and exciting future at Homecoming. A celebratory liturgy will take place at St. Joseph's Cathedral, with Bishop Edward Kmiec officiating. An extraordinary reception and dinner are planned following the Mass.

Plan to gather together for a special D'Youville day with clusters of D'Youvillians living in your area, anywhere around the world. Formal or informal, the gatherings should revive old memories and establish old/new friendships.

The spirit of service will enliven D'Youville's centennial celebration in 2008 through the Community Service Project: "100 to the Second Power." Students, faculty, administrators and College staff will dedicate 10,000 hours of service to local agencies and to the D'Youville College neighborhood.

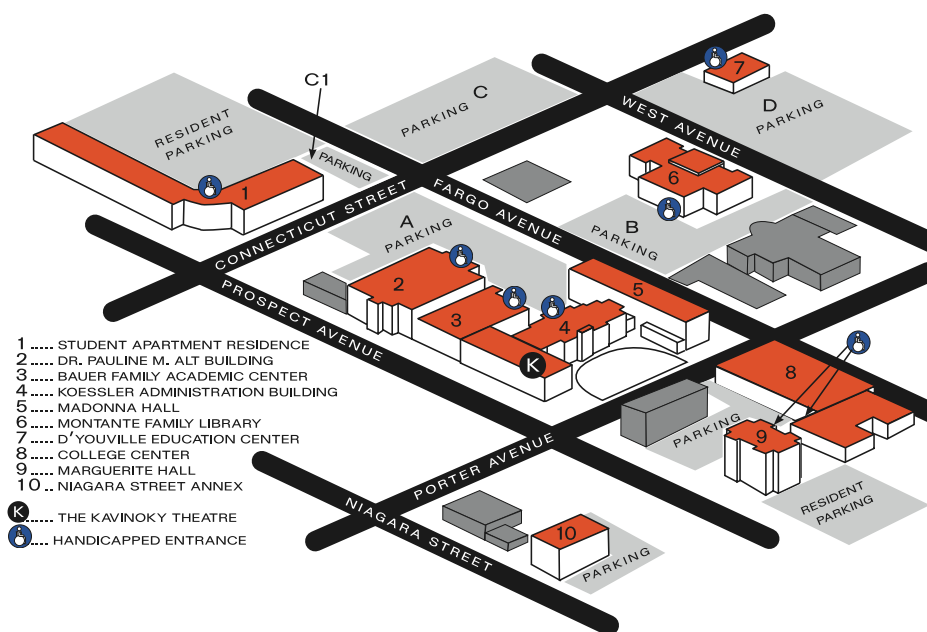

Series Three of the Fireside Chats will feature both the outside world of business and the allied world of healthcare from the point of view of health services administration, and the disciplines of occupational therapy, physical therapy, physician assistant and dietetics.

A formal tea will take place in the beautiful Boethia Room of the Koessler Administration Building recalling earlier days for alumni of all ages to enjoy.

A centennial year end event is planned for spring 2009.

### **THE PRESIDENT'S HOLIDAY PARTY & CENTENNIAL OPENING CEREMONY**

Kick off the joyous holiday season at the president's party: a program and a special proclamation will mark this gala event.

December 12, 2007, 3:30 - 7:30 p.m. in the College Center, Blue Lounge

An **ECUMENICAL SERVICE** filled with scripture, glorious music and song will commemorate our one hundred years. Students, faculty, staff and alumni will all come together for a spiritual expression of the shared love for the College. This beautiful service will take place on January 30, 2008, at 1 p.m. at Holy Angels Church, adjacent to the College.

### **FIRESIDE CHATS**

Can you recall the years of President Franklin D. Roosevelt as he expounded on the state of the union; encouraged and cajoled his listeners to the mindset that better days were ahead?

Series One of the Fireside Chats will include the following:

#### ▪ **JANUARY 31, 2008**

Sister Mary Charlotte Barton, GNSH, retired president, Sister Denise Roche, GNSH, president and Sister Mary Brendan Connors, GNSH, Learning Center director, will recreate the panorama of change that the Grey Nuns have experienced in the past century at D'Youville.

#### ▪ **FEBRUARY 21, 2008**

The faculty of the nursing and integrative holistic health departments will engage in spirited debate on differing approaches to healthcare, one of the most challenging issues of our time. Participants will be Dr. V. Kieffer, Dr. P. Bahn, Dr. C. Gutt, D. Williams and Dr. P. Hageman.

#### ▪ **MARCH 13, 2008**

The liberal arts faculty will discuss of some of the time-honored concepts that have had, and continue to have, powerful influence on our thinking today. Participants will be Dr. J. Abbarno, Dr. P. Johnson and R. Nielsen.

All Fireside Chats will be held in the College Center Blue Lounge at 4 p.m.

## ATTENTION: ACTIVE TEACHER ALUMS

Are you willing to host a DYC student teacher during the spring and/or fall 2008 semesters?

The placements for the spring '08 semester will begin in late January and late-March (seven weeks each). The fall '08 placements will begin in September (day one) and late-October (seven weeks each).

The stipend for each seven-week placement is \$240.

If you are interested, please contact Tom Traverse, director of U.S. field placements, at 716.829.8108 (DYC) or 716.871.0317 (home) or e-mail ([traverse@dyc.edu](mailto:traverse@dyc.edu) or [tetraverse@hotmail.com](mailto:tetraverse@hotmail.com))

Thank you for your valued help. You are important to the continuing success of our teacher education program.

## CALLING ALL KIN

### SISTER MARY CHARLOTTE BARTON ALUMNI KINSHIP SCHOLARSHIPS

Throughout the year, the alumni board sponsors various fundraisers. The proceeds are used to provide scholarships to eligible students who have a special kinship to alums: a child, stepchild, grandchild, brother, sister, niece, nephew or spouse. The scholarships are presented in the spring of each year for the following academic year. Award recipients are chosen by a committee composed of members of the alumni board of directors and are based on the applicant's high school or college record and financial need. Present and prospective students, as well as alumni themselves, are eligible for consideration.

*Application forms can be found on the Web site [www.dyc.edu/alumni/awards.asp](http://www.dyc.edu/alumni/awards.asp), by e-mailing [smytonpm@dyc.edu](mailto:smytonpm@dyc.edu), or by calling 716.829.7808. Application and essay are due in the alumni office no later than April 15.*

## INTELLIGENT GIVING

# a golden opportunity

How would you like to be part of something great? Is it not everyone's aspiration to leave a lasting mark on something, somewhere? This is an idea that may have great appeal for those of you who have always wished to satisfy your philanthropic aspirations. Here is your great opportunity to do just that.

This is your chance to do something significant for the College that gave so much to you and had such an indisputable impact on your life.

D'Youville has developed a plan whereby alumni and friends may pledge gifts of \$10,000 or more and pay only the first twenty percent (20%) over the first three years from the pledge date. The remainder may be paid over the course of your lifetime or with a bequest established in your will.

This form of giving allows you to make a notable gift and it empowers D'Youville to plan for the future knowing that your generosity will help make available the monies necessary for major areas: planning for new programs, financial aid to students, faculty development and facilities expansion.

You may recall that in earlier times D'Youville College graduates staffed most of the high schools in the area because it was the only

college to offer secondary education teacher training. Recall that the dramatic need for nurses in the '40s led to the development of the nursing program. Today, the response to the demand for various therapies for the ill, aged and handicapped has led to our physical therapy, occupational therapy and chiropractic programs. D'Youville has always been at the forefront of recognizing societal needs and responding in a timely manner.

This pledge of your affection and support is an ideal birthday gift as D'Youville celebrates its founding 100 years ago. Think of it! Your College has been in existence since 1908 providing excellent education to the Western New York community and to the world.
