UNIVERSITY

Proposed College of Osteopathic Medicine

2023-2028 Strategic Plan

Element 1.2

UNIVERSITY MISSION

D'Youville is an independent institution of higher education that offers baccalaureate and graduate programs to students of all faiths, cultures, and backgrounds.

D'Youville honors its Catholic heritage and the spirit of St. Marguerite d'Youville by providing academic, social, spiritual, and professional development in programs that emphasize leadership and service. D'Youville teaches students to contribute to the world community by leading compassionate, productive, and responsible lives.

UNIVERSITY STRATEGIC PRIORITIES

Priority 1: Enriching Educational Excellence

Priority 2: Enhancing the Student Experience

Priority 3: Expanding Opportunity and Building Community

DYU-COM MISSION

D'Youville University College of Osteopathic Medicine prepares osteopathic physicians who are focused on service, equity, and the health and well-being of a diverse society.

PROGRAM GOALS

The College of Osteopathic Medicine will prepare students who will:

1. Meet the standards required to obtain licensure through successfully passing the COMLEX-USA osteopathic medical licensing examination.
2. Demonstrate knowledge, skills, and clinical competencies in osteopathic manipulative medicine/osteopathic principles and practice to become competent osteopathic physicians.
3. Integrate evidence-based, ethical, interprofessional, collaborative, practice when providing care for persons from diverse backgrounds.
4. Plan for and participate in leadership roles and service to the community.
5. Participate in programming that promotes scholarly research and innovative medical educational practices that focus on holistic, patient centered principles to support our students and faculty throughout the UME stage of learning.

UNIVERSITY VISION

D'Youville will be a leader in education, a community of scholars, a dynamic force within the community, an institution which never refuses to serve.

DYU-COM VISION

The vision of the D'Youville University School of Osteopathic Medicine is to be recognized as a national leader, delivering innovative, inclusive, collaborative osteopathic medical education that fosters service and promotes scholarly inquiry and research. DYU-COM will help build healthy communities by focusing on the care of the whole person, with attention to cultural diversity and health disparities.
