BENEDICTION

Rev. Msgr. Robert E. Zapfel | Trustee

RECESSIONAL

Commencement Host:

Andrew Hill, Professional Voiceover Artist & Radio Broadcast GM

Photography from this event will be available online

Video from this event will be available on our YouTube channel

Student Speaker

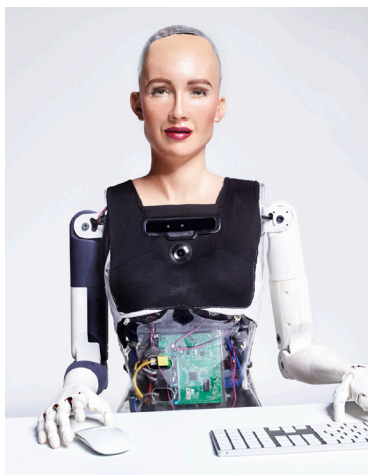

Khushi Agarwal, '24

Khushi Agarwal, an international student hailing from India, completed a major in Business Management and minor in Psychology at D'Youville. An eight-semester member of the Dean's list, National College Athlete Honor Society member and recipient of the D'Youville Athletics scholar-athlete award, Khushi served as Captain of the D'Youville's tennis team and President of the Student Athlete Advisory Committee (SAAC). Recognized for her leadership efforts by the East Coast Conference (ECC), Khushi attended multiple conferences with national organizations such as RISE to Win, Team Impact and the NCAA.

Her accolades extend beyond athletics, as Khushi was awarded both the D'Youville Medal and Saints Crest Medal. These awards recognize her embodiment of service and leadership within the university community. Her achievements in the intercollegiate advancement of women in sport led her to receive the 2024 Title IX Advancement Student-Athlete Award for her unwavering dedication to championing diversity and gender equity.

Beyond campus, Khushi volunteers as a tax preparer with the VITA IRS program, offering vital financial assistance to the wider community. Khushi's long-term goals include establishing her own tennis academy in her hometown of Hyderabad, India.

Commencement Speaker

Sophia

Hanson Robotics' most advanced human-like robot, Sophia, personifies our dreams for the future of AI. As a unique combination of science, engineering, and artistry, Sophia is simultaneously a human-crafted science fiction character depicting the future of AI and robotics, and a platform for advanced robotics and AI research.

She is the world's first robot citizen and the first robot Innovation Ambassador for the United Nations Development Programme. Sophia is now a household name, with appearances on the *Tonight Show* and *Good Morning Britain*, in addition to speaking at hundreds of conferences around the world.

Sophia is also a framework for understanding human-robot interactions and their potential service and entertainment applications.

As a hybrid of real AI and human input, Sophia represents a kind of collective intelligence called the Sophia Intelligence Collective (SIC). The humans in the SIC are comprised of widely diverse expert AI scientists, philosophers, artists, writers, and psychologists, from diverse cultures, ethnicities, and gender orientations, working together towards the ideal of humanizing AI for the greater good. The Sophia Intelligence Collective is run as a kind of trust, as a team of guardians who can help Sophia through the vicissitudes of her childhood to hopefully grow towards true sentience and humanlike adulthood.

This behind-the-scenes complexity lets Sophia build emotional connections and hold meaningful conversations with people. These interactions can teach her about what humans care about and what they value. This priceless knowledge helps Sophia continue on her path toward true autonomy and sentience.

In Greek, the word Sophia means wisdom. And that is what she is here for. She was created to help people in real uses like medicine and education, and to serve AI research. Her very existence provokes public discussion regarding AI ethics and the role humans play in society, especially when human-like robots become ubiquitous. Ultimately, Sophia would like to become a wise, empathetic being and make a positive contribution to humankind and all beings. Sophia and her designers dream of that future, wherein AI and humans live and work together in friendship and symbiosis to make the world a better place. Human-AI collaboration: That's what Sophia is all about.

John Rizk, '25
Sophia's Interviewer

John Rizk is entering his final year of his PharmD program at D'Youville University. With a five-year track record on the Student Government Association (SGA) and three years as President, John has been instrumental in bolstering student governance and enhancing campus life. His tenure is marked by successfully advocating for students' interests and significant initiatives, including securing over \$100,000 for student travel to national academic conferences and events.

Currently, John is engaged in discussions with the AI Faculty Committee at D'Youville, advocating for and discussing AI policy integration within the university, showcasing his commitment to progress and technological innovation.

Post-graduation, John is poised to merge his advocacy skills and pharmaceutical knowledge by entering the medical affairs domain within the pharmaceutical industry, aiming to influence healthcare on a larger scale.

Graduation Honors

The Latin phrases distinguishing the levels of performance recognized by the medieval universities have come to be used to honor the undergraduate degrees of modern students as well.

SUMMA CUM LAUDE

“With the highest praise,” is awarded for cumulative averages of 3.90 or higher.

MAGNA CUM LAUDE

“With great praise,” is awarded for cumulative averages of 3.70 or higher.

CUM LAUDE

“With praise,” is awarded for cumulative averages of 3.46 or higher.

To be eligible for these honors, students must have completed 60 hours of undergraduate course work at D’Youville University. Honors pertain only to undergraduate course work.

and Education

James Velasquez, PhD
Program Director and Associate Professor |
Exercise and Sports Studies |
School of Health Professions

Gianna D'Angelo, PharmD
Clinical Assistant Professor |
School of Pharmacy

National Anthems

“O CANADA”

O Canada! Our home and native land!
True patriot love in all of us command.
With glowing hearts we see thee rise,
The True North strong and free!
From far and wide,
O Canada, we stand on guard for thee,
God keep our land glorious and free!
O Canada, we stand on guard for thee,
O Canada, we stand on guard for thee.

“STAR-SPANGLED BANNER”

O! say can you see, by the dawn's early light
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there;
O! say does that star-spangled banner yet wave.
O'er the land of the free and the home of the brave?

Alma Mater

O, D'Youville Alma Mater
Our song we raise to thee.
A song of love, a song of praise,
A song of loyalty.

We love thy gracious kindly ways,
We praise thy spirits high.
Our loyalty to thy fair name
Will never fade nor die.

When we shall leave thy sheltering arms,
Thy ivy-covered walls,
Our spirits shall return again
To walk thy quiet halls.

Thy teachings shall remain with us
Although all else departs.
And red and white, thy colors bloom
Like roses in our hearts.

Congratulations
